SKILLS

- HTML, CSS, JavaScript, TypeScript, React, jQuery, Tailwind CSS
- Next.js, React Three Fiber, Electron, Node.js
- SQL, NoSQL databases
- Problem-Solving
- Teamwork

PROFILE

As a dedicated Front-End Developer, I specialize in building and maintaining high-quality, responsive websites for the recruiting industry. With expertise in HTML, CSS, JavaScript, TypeScript, and modern libraries like React and jQuery, I create user-centric web solutions that prioritize performance and accessibility. I am passionate about enhancing usability and possess a strong foundation in design principles, complemented by practical experience in Adobe Photoshop. Additionally, my technical skills extend to basic SQL knowledge.

WORK EXPERIENCE

CONTENT MODERATION

Genpact.Romania

Jan 2024- Jul 2024

- Reviewed user-generated content (UGC) across various platforms for compliance with community guidelines and legal standards.
- Implemented content moderation policies by identifying and removing inappropriate, harmful, or offensive content.
- Conducted regular audits to ensure the accuracy and consistency of content moderation practices.
